In the Matter of

FCC Regional Planning Committee (RPC) 30

**Public-Safety Communications Plan for the
769- to 775-MHz and 799- to 805-MHz Bands**

)
) WT Docket No. 02-378
)
) PSHS Docket No. 06-229
)
) FCC Docket No. 07-132
)

700-MHz Plan Addendum

Dear Chief Poarch:

On 7 April 2008, FCC Regional Planning Committee (RPC) 30 delivered its public-safety communications plan for the General Use channels in the 769- to 775-MHz and 799- to 805-MHz frequency bands to the FCC via the Commission's Electronic Comment Filing System (ECFS).

In corresponding with FCC representatives since this time, it is my understanding that in order for the proposed Plan to be posted on Public Notice (PN), RPC 30 must provide written concurrence from the adjacent RPCs dated after the issuance of the *Second Report and Order (R&O)* on July 31, 2007

RPC 30 had previously secured and filed written concurrence evidence with the FCC for all adjacent-regions following the issuance and adoption of the *Second Report and Order (R&O)* with the exception of RPC 28 (Eastern Pennsylvania).

Enclosed herewith, please refer to the official, written correspondence from RPC 28 stating their concurrence for the proposed RPC 30 700-MHz Plan.

Please contact me with any questions or concerns you may have.

Respectfully submitted,

A handwritten signature in cursive script that reads "David A. Cook". The signature is written in black ink and is positioned above a horizontal line.

David A. Cook, Chairman

FCC RPC 30 700-MHz and 800-MHz NPSPAC Planning Committees

MESSAGE TO:

Mr. David Cook, Chair
Region 30 RPC

RE: Region 30 RPC 700 MHz Plan Amendment to comply with the FCC's Second Report and Order

Dear Mr. Cook,

Please accept this email reply as Region 28's official approval and concurrence with your recent plan amendments in compliance with the Second Report and Order adopted by the FCC on July 31, 2007, which included procedures to administer the Low-Power Interoperability Channels.

The Region 28 RPC has reviewed the above referenced amendments and find them to be in full compliance with the FCC's Second Report and Order and pose no foreseeable conflict with the operation of the Region 28 700 MHz Draft Plan or Jurisdiction, which share a common border with Region 30.

Respectful Submitted,

Richard Reynolds, Chair
Region 28 RPC

CC: Travis LePage

Subject: RPC 28 LOC for the RPC 30 700-MHz Plan

Hi Richard,

I was informed by the FCC (Jeannie Benfaida) that the re-concurrence message you provided for the proposed RPC 30 700-MHz Plan needs to be rewritten to state that RPC 28 grants adjacent-region re-concurrence for the RPC 30 700-MHz Plan.

You'll recall that each RPC is required to revise the CAPRAD Channel Allotments based on the

Second Report and Order. As such, RPC 30 completed this and resubmitted the Plan to the Commission.

If you would provide an e-mail to David and me stating this, I'd greatly appreciate it.

Also – The New York State RPCs are scheduled to review and vote on granting concurrence for the Plan at the next upcoming wave of meetings (this month and next).

Thanks,
Travis

Travis,

The Region 30 Plan contains an email from Region 28 which asks a question, and does not state its concurrence with the Region 30 Plan.

Let me know at your earliest convenience when the concurrence from Region 28 is available and submitted to the docket WT 02-378 and 06-229.
